SUBJECT INDEX TO VOLUME 17

Academic preparation, impact of legislated reforms on, 13
Academic standards, in California community colleges, 173
Accreditation and academic program review, and governing boards, 213
Aging society, community colleges in, 75
Articulation, evolution into tech prep, 533
Articulation and transfer, inter-institutional, and data bases, 141
Associate degree students, technology intervention and support for, 325
Auto mechanics students' educational goals, in Georgia, 455

Building Communities, status of recommendations, 403

California community colleges, academic standards in, 173
Canadian community colleges, innovativeness in, 233
Colorado community colleges, and direct services to business, 193
Counseling, a framework for evaluation through student success, 473
Curriculum improvement, and faculty development, 343

Data bases and information systems, and institutional articulation and transfer, 141
Day and evening students, satisfaction with faculty advising compared, 123
Direct services to business, in Colorado community colleges, 193
Disabilities, enhancing faculty awareness of students', 293
Dropouts, differentiating from stopouts and optouts, 543

Enrollment, and program choice, 415
Enrollments, increasing, and declining revenues, 489
Evening and day students, satisfaction with faculty advising compared, 123

Faculty advising, comparison of day and evening students' satisfaction, 123
Faculty development, and curriculum improvement, 343
Faculty, effective, hidden characteristics of, 459
  and awareness of students with disabilities, 283
  part-time, state of services, 555
  strategy for developing peer mentoring, 271
  teaching theories of, 29
  technical, quality initiative for, 509

Georgia, educational goals of auto mechanics students in, 445
Governing boards, and accreditation and academic program review, 213

Innovativeness, in Canadian community colleges, 233

Job training partnership programs, and student retention, 167

Leadership strategies, for tech prep, 519
Leaving the community college, 1
Legislated reforms, impact on academic preparation, 13
Linking faculty development and curriculum improvement, 343
Linking freshmen to increase retention, 59
Literature a community college president should read, 375

Mentoring, peer, development strategy for faculty, 271

Minority students, and outcomes assessment, 497
Modern teachers, and postmodern students, 51

Optouts, differentiating from stopouts and dropouts, 543
Outcomes assessment, and minority students, 497

Paraeducators, feasibility of training programs, 131
Peer mentoring, development strategy for faculty, 271
Persistence, effect of quality of effort on, 103
Postmodern students, and modern teachers, 51
Preparedness for class, effect of random questioning on, 39
Program choice, and enrollment, 415
Program review, academic, and governing boards, 213
Proprietary vocational schools, 21

Quality initiative, for postsecondary technical instructors, 509

Retention, and stopouts, optouts, and dropouts, 543
  linking freshman to increase, 59
  through job training partnership programs, 167
Revenues, declining, and increasing enrollments, 489

Self-directed learning research, 153
Services, for part-time faculty, 555
State regulation, 387
Stopouts, differentiating from optouts and dropouts, 543
Stopping out, and students, 257
Students, associate degree, technology intervention and support for, 325
  community college, follow-up study, 201
  with disabilities, enhancing faculty awareness of, 283
  minority, and outcomes assessment, 497
  and reasons for stopping out, 257
  transfer, factors affecting success, 433
  unique, creating a place for, 315

Teachers, effective, hidden characteristics of, 459
Teaching theories, of community college faculty, 29
Tech Prep, evolution of, 533
  leadership strategies for, 519
Technical instructors, quality initiative for, 509
Technology intervention and support for associate degree students, 325
Transfer and articulation, inter-institutional, and data bases, 141
Transfer students, factors affecting success, 433

Vocational education preparation, 309
Vocational institutes, in Georgia, and auto mechanics students' educational goals, 455
Vocational-technical skills, advanced, framework for learning, 357
